AuD RESEARCH PROJECT

FORM 2: Completion of the AuD Research Project

To satisfy the requirement of the AuD Research Project, students must have 1) formulated a research committee, 2) written a research proposal, 3) successfully completed the data collection and analysis and 4) formally written and presented the findings of their project by the end of the 3rd year.

As a member of the student's research committee, I attest that the student has successfully completed the above-mentioned criteria, which satisfies the research project requirement for the AuD degree.
