Request to Apply Undergraduate Research

At time of submission of petition request for Undergraduate Research performed in a department other than Biological Sciences, a preliminary decision will be made based on:

- Completion of research petition form
- Name of PI or Professor supervising research
- Research department
- Specific nature of research to be conducted
(**must be Biology-related**)
- Must be registered for a minimum of two (2) credits or a maximum of three (3) credits of research
- Number of hours dedicated to research each week

Upon completion of Undergraduate Research and grade assigned:

- Please email **Dr. Lara Hutson (lara_huts@buffalo.edu)** a one-paragraph summary of the research along with a figure. The summary and figure must be submitted on one page
- Final approval of research to be used as a BIO lab will be determined after a submission of the summary is received and a passing grade has posted
