NOTES

Internal Rate

Cost-Subsidies

- 1 Internal users include academic, research, administrative, and auxiliary units whose originating source of funds is within or flows through the university. This includes state, RF, UBF, and Faculty Student Association (FSA) funds.

Internal Rate + GUSF

Internal Rate+ GUSF

- 2 The internal rate + GUSF is billed to students who are using the center for academic or research and are paying with funds that come from outside the university.

External Rate

Cost + GUSF + Markup

- 3 External users are individuals or organizations whose originating source of funds is outside the university. External users include faculty and staff acting in a personal capacity. Affiliated hospitals and other universities are external users unless the university has subcontracted with them as part of a grant or contract, in which case they are an internal user.
